

# JAGADEEP V P

## STUDENT

### About Me

I am Jagadeep V P, a diploma student passionate about real-time tech applications and hands-on learning. I developed a Resume Ranking System as a major project. I actively participate in academic events and technical visits. I am currently learning new technologies to enhance my skills through self-study and mini projects. With several certifications, I'm eager to contribute my knowledge through a meaningful internship.

### Skills:

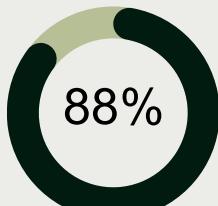

HTML,CSS & BOOTSTRAP	80%
PHP	75%
PYTHON & C	90%
JAVA	75%
MYSQL	75%

### Education:

Sri Ramakrishna Polytechnic College,  
Vattamalaipalayam, Coimbatore, Tamil  
Nadu 641022  
2023-2026

### Language:

### ENGLISH

### PROJECT

#### RESUME RANKING SYSTEM

- AI-Powered Resume Analysis: Compares applicant resumes with job descriptions using NLP.
- Smart Ranking: Scores and ranks resumes based on relevance to specific job IDs.
- HR Efficiency Boost: Helps HR quickly identify top-matching candidates from all applicants.

### MINI PROJECT

- 1) Developed a real-time eye tracking system using Python and OpenCV to detect gaze direction through webcam-based facial landmark analysis
